

Union Gray

Union Gray is a fun, grass roots, rockin' Country band from Denver, Colorado. Playing a great mix of new and classic Country which celebrates great songwriters and artists from the red dirt of Oklahoma down to the heart of Texas and up to Nashville.

Union Gray has a blast with it all. Mix that in with their great original country from the Rockies and you have everything you need to slap on your best boots and have at it.

Union Gray loves playing and connecting with their audience. It will be obvious from the first song that they love what they do and you will too.

Scott Gray

Rarely do you find an entertainer who works as smoothly solo as he does with an ensemble. Scott Gray has been entertaining crowds for over 20 years, and his energetic personality, musical skills and heartfelt intensity lets you know that he loves what he does.

Originally, from Detroit, Scott grew up in Colorado and graduated from the University of Colorado with a degree in Theatre and Communications. His interests leaned toward music and his innate talent has allowed him to tour across many parts of the country and internationally.

As a songwriter, Scott has never lost his passion for live music. He performs as a solo artist as well as with Union Gray, displaying a variety of styles that include folk inspired ballads, tightly performed classic rock tunes, as well as the great midwest rock and country classics and contemporaries he's grown up with and from whom he's gained inspiration.
